ASK PROTECTION OF CUBAN SUGAR

Bankers May Finance Plan to Avert Shortage If Federal Reserve Bank Agrees.

NEW YORK BANKS TO FINANCE CUBAN CROP.

New York, Jan. 11.—A plan under which New York banking interests would finance the next Cuban sugar crop, involving expenditure of a sum as high as \$150,000,000, is under consideration here, it was learned today.

New York, Jan. 11.—The importance of assuring the country an adequate supply of sugar, together with shipments required by the entire allies, was placed before a bankers' committee by the international sugar committee, acting for the national food administration.

If the plan matures as the committee desires, money will be assured to finance the next crop in Cuba, expected to be the largest in the history of the island republic. Another sugar shortage such as the one of recent weeks would perhaps be averted.

Local bankers, it was asserted today, would not be likely to take the suggested action without the consent of the federal reserve bank, but it was assumed here that this would be forthcoming, inasmuch as it was the national food administration which suggested the plan. It was believed also that the government would make every effort to supply the tonnage necessary to transport the sugar to American ports.

Bankers interested in the plan have conferred with members of the international sugar committee. Charles M. Sabine, president of the Guaranty Trust company, is chairman of the bankers' committee considering the plan. No indication was given today as to how soon this committee would report to the sugar authorities.

Washington, Jan. 11.—Southwest storm warnings were issued by the weather bureau today for the gulf coast from Tampa to Key West and Atlantic coast from Miami to Georgetown, S. C., and southwest storm warnings from Southport, N. C., to Fort Monroe.

Warnings from Cedar Keys, Fla., to Bay St. Louis, Miss., were changed to northwest.

A severe storm was central this morning over southern Mississippi, moving northeast.

LIEUT. BAGLEY TELLS OF DISASTER

Praise Untested for Men and Officers of Jacob Jones, Sunk by U-boat Dec. 6.

Washington, Jan. 11.—Secretary Daniels made public today a summary of the official report of Lieut.-Commander David W. Bagley on the sinking by a German submarine of the American destroyer Jacob Jones on Dec. 6, when two officers and sixty-four men lost their lives. Commander Bagley gives unstinted praise to the behavior of officers and men and especially commends by name ten of them.

The submarine, the report says, was not sighted until fifteen minutes after the destroyer had gone down, but the torpedo was sighted half a mile from

the ship and Lieut.-S. F. Kalk, officer of the deck who afterwards died from exposure, immediately ordered a maneuver to avoid being struck. The torpedo, however, was too near to allow the destroyer to clear it, and it struck fairly with a heavy explosion. The ship quickly settled by the stern and the engine room soon was flooded.

Sank in Eight Minutes.
Most of the men not killed by the explosion got clear of the ship and reached rafts or wreckage. Eight minutes after the torpedo struck at 4:21 p.m., the Jones sank stern first. Efforts were made to collect the survivors in a motor dory and then the nearest land was headed for to secure aid to the remaining survivors on the rafts. After twenty-three hours the dory sighted a patrol vessel and the commander of the patrol station reported to Commander Bagley that the other survivors all had been rescued.

FRENCH CAPTURE GERMAN PRISONERS

Night Raids Made in Argonne and Vosage Regions Bring Results.

Paris, Jan. 11.—French troops carried out raids last night in the Argonne and in the Vosges region, bringing back prisoners from the German lines, the war office announced today. The statement:

"In the Argonne, at Courte Chaussees, and in the Vosges, in the region of Blémery, French detachments made incursions into the enemy lines and brought back prisoners. The artillery fighting was rather severe at times in the region of Beaumont and Bezons-vaux (Verdun front). On the remainder of the front the night was calm."

DEPENDENTS IN PUTNAM COUNTY ARE SUFFERING

Cookeville, Jan. 11.—Complaints are heard in this city and section over the failure of wives, widowed mothers and other dependents of soldiers to receive any allowance for their support from the government. Many of these dependents are in very great need of their allowance and the matter will be promptly taken up with Senators Shields and McKellar and Congressman Hull by leading citizens of the county. Wives and widowed mothers with no income whatever are complaining that they have received nothing whatever from the government since their husbands and sons entered the military service, and no one here seems to be able to explain or understand the reason for this strange oversight. Many of these dependents upon their sons and husbands for support, and as they are now in the military service the situation will become serious in the very near future unless they receive remittances from the government.

THREE AMERICAN SOLDIERS WOUNDED ON MEXICAN BORDER

Running Fight With Food Smugglers Near La Grulla Ranch, Sixteen Miles From Rio Grande City.

Rio Grande City, Tex., Jan. 11.—One American soldier probably was fatally wounded and two others sustained slight wounds in a fight with Mexican food smugglers near La Grulla ranch, sixteen miles west of Rio Grande City, according to word received here yesterday.

A report from Camargo, Mex., opposite this place, says one of the smugglers died of wounds received in the fight which is understood to have occurred last night. The name of the dead American, who succumbed to his wounds six hours after the encounter, is not known. The two injured soldiers were taken to the hospital at Allen, according to the report. The fight, it is said, followed the discovery by the border patrol of two Mexicans smuggling foodstuffs across the Rio Grande in a skiff. Refusing an order to halt and return to the Texas side, the American patrol fired on the smugglers. The fire was returned from the Mexican side of the river and the smugglers escaped.

ITALIANS FORCE ENEMY TO RETIRE

Trenches on Mountain Front Evacuated by Teutons With Considerable Losses.

Rome, Jan. 11.—Austro-German forces yesterday were forced to evacuate some trench sections near Cavazzuchina, on the Italian mountain front, the war office announced today. The retreating Teutons suffered considerable losses.

RYE CHARACTERIZES STORY AS ABSURD

Report That He Would Run for Third Term Circulated Without Foundation.

(Special to The News.)

Nashville, Jan. 11.—When shown an article appearing in yesterday's News-Scimitar, which stated that it was Gov. Rye's intention to run for a third term and leave the senatorial field clear for Gen. Cates and Senator John K. Shields, Gov. Rye said this morning that the idea was absurd beyond expression.

He declared that he had heard of such stories being circulated during the past few weeks, but had never considered them enough to dignify them with a denial. Gov. Rye's close friends declare that he will be a candidate for the senatorial toga. Gen. Cates is in town today.

NO STATE DIRECTORS OF ROADS TO BE NAMED

(Special to The News.)

ACTION DENOUNCED AS HIGH-HANDED OUTRAGE

Federal Grand Jury Begins Investigation of Arrest of Men by Army Intelligence Officers.

Los Angeles, Cal., Jan. 11.—Federal grand jury investigation of charges of illegal arrest and detention of three men by army intelligence officers was begun yesterday at the direction of Judge B. F. Bledsoe, of the United States district court, who termed the army procedure in the case "a high-handed outrage" during habeas corpus proceedings Wednesday.

Nicholas Zena Zoggs and Charles Draper, two of the men held by the army without warrants or legal procedure, according to their allegations, refused to testify today when taken before Judge Bledsoe. They demanded counsel.

The men were then arraigned before D. M. Hammack, United States commissioner, for alleged violation of neutrality laws and were held in default of \$2,000 bail each.

Herbert A. Myles, the third man whose arrest and detention precipitated a clash between federal officials and the army intelligence officers, was rearrested by army officers yesterday after Judge Bledsoe released him under habeas corpus proceedings. Myles was held under \$2,000 bail under the espionage act.

CAR SHORTAGE HURTS CONGRESSMAN SELLS

Bristol, Jan. 11.—Commenting on the seriousness of the general car shortage in America in its relation to private business, Congressman Sam R. Selles, of the First Tennessee district, who is part owner of a large number of lumber mills in Johnson City, is quoted as saying that he has been obliged to cancel lumber orders to the amount of \$25,000 and close his plant because he was unable to get cars to move any of the product. It is feared that the general readjustment, now going on in order to accommodate pressing war shipments, will have the effect to seriously damage the business of many substantial private concerns. Chambers of commerce and trade organizations are expected to have their hands full along this line.

FRANCE IN VIRTUAL RECOGNITION OF UKRAINE

Petrograd, Wednesday, Jan. 9.—The French government has appointed Gen. Tabouille the representative of France to the Ukraine republic. This is considered in Petrograd as recognition by France of the independence of the Ukraine.

The announcement of the appointment of Gen. Tabouille was made by an officer of the French military mission to M. Shougin, general secretary of foreign affairs for the Ukraine, at Kiev.

PREMIER LENINE ON HOLIDAY IN FINLAND

Opposition of Ukraine Lessens Prospect of Bolshevik Resistance to Germany as to Terms.

London, Jan. 11.—Nikolai Lenine, the Bolshevik premier, although he has possibly gone on a holiday to Finland, also possibly may go to Stockholm to confer with German and Austrian socialists, the Petrograd correspondent of the Daily News says. In a speech before his departure from Petrograd, Premier Lenine said:

"I fear we shall have to stop the demobilization and prepare for war. If Germany and her allies do not accept our conditions of peace, we will declare a revolutionary war on them." The correspondent emphasizes the importance of an agreement between the Bolshevik and Ukrainian negotiators, as the position of the radicals has lessened Trotsky's chances of obtaining a satisfactory peace. He says that if the Germans could buy off the Ukraine, the significance within Germany of Trotsky's stand would be cut in half. The correspondent adds that nothing is more foolish than to suppose that because the Ukraine opposes the Bolshevik it therefore favors the allies and prosecution of the war.

SHORTEN SUFFERING BY INCREASED PACE

Winston Churchill Says Gulf Between Enemy and Allies Too Wide to Span.

London, Jan. 11.—Winston Spencer Churchill, British minister of munitions, addressing the American Luncheon club today, made a powerful appeal for the sending of American soldiers to Europe quickly and in as large numbers as possible.

The reception of Premier Lloyd George and President Wilson's war aims by the central powers, the minister declared, showed a gulf that no bridge could span. He added that Great Britain and the United States having issued their war aims they must now bend every effort to the practical work of enforcing them on the enemy.

"We have found a complete agreement on our war aims," Mr. Churchill said, "so let us concentrate our whole souls on practical measures, whereby those aims may be achieved."

England must melt all her resources, he continued, into war work. Women must draw nearer to the firing lines and do more manual labor to relieve workmen for the ranks of the army. Rations, he said, must be cut down.

"The only way to shorten the suffering and torment," the minister asserted, "is to increase the pace."

MOST REMARKABLE EXPERIENCE OF SALVATION ARMY WORKER

Mrs. Elizabeth Mitchell, of 138 Fourth Ave., N. Nashville, Tenn., An Estimable Lady, and Enthusiastic Worker in Salvation Army Ranks of Nashville, Tells What a Great Help Vin Hepatica, The Universal System Purifier, Has Been to Her.

"I was so weak and run down," writes Mrs. Elizabeth Mitchell, prominent Salvation Army worker, of 138 Fourth avenue, N. Nashville, Tenn., "that I was not able to do a day's work without going to bed for a rest; was nervous and could not sleep, only getting three or four hours' rest during the night. My food didn't seem to do me any good and I was losing in weight, three or four pounds each week, until I became weak and could hardly go at all. I had indigestion so bad and suffered so much after eating that I would have to take something for immediate relief."

"Well, the story is this: I heard of Vin Hepatica and the good it had done others who had used it and were in the same condition as myself, that I decided to give it a trial, though I didn't have very much faith in it do-

ing me any good, as I had tried so many things and never gotten any relief. I have taken two and one-half bottles, and no one knows how much good it has done me. I can eat anything I want, something I haven't done for a long time, and nothing hurts me at all. I sleep and rest as well as I ever did in my life, and, best of all, I have gained fifteen pounds and feel like myself again. I can now go all day about my work without ever stopping to rest at all. I think it is wonderful what Vin Hepatica has done for me."

The reason why Vin Hepatica gives such prompt relief is because it is purely a herbal medicine. Nature's own medicine, extracted from eight of the best-known medicinal roots, herbs, barks and berries known to medical science. Jo Anderson, This City.—Adv.
